2. University Human Resource Services will track the leave of absence, provide timely notification to the employee of approaching 6 month and 12 month duration of the leave, and calculate the changes in the employee's share of the premium payments.

Definitions

1. As used in this policy, an unpaid leave of absence does not include a leave for military service and an FMLA covered leave, each of which has its specific set of policies related to the continued coverage for medical and dental care plans.
