Scope

This policy applies to Non-Exempt Non-Union PAU staff in salaried-overtime-eligible positions.

Policy Statement

1. The Fair Labor Standards Act (FLSA) requires that positions must meet specific duties tests, and be paid on a salary basis at not less than $684 per week to be exempt from overtime. Non-Exempt Non-Union PAU positions meet the duties tests for exemption but do not meet the FLSA minimum salary requirement and are considered salaried-overtime-eligible.

2. There are two options for recording time worked by Non-Exempt Non-Union staff in Non-Exempt Non-Union PAU positions. Units can select one of the options, but it must be consistently applied for all Non-Exempt PAU staff employees in a unit. Employees should be informed of the option being used before performing work under either option.

   a. Option #1: Utilize Exchange Hours to pay a set salary each week that is based on the employee’s full-time equivalent (FTE) and compensation rate. For example, an employee’s FTE is 0.50 or 20 standard hours per week, and the employee’s weekly salary is $400. If the employee works 16 hours one week, 4 hours of Exchange Time are taken to pay the weekly salary of $400 based on the 20 standard hours. If the employee works 24 hours the next week, then 4 hours of Exchange Time are earned to be used at another time in order to pay the weekly salary of $400 based on the 20 standard hours.

      i. For hours worked over 40 in a workweek, the employee must receive compensation for time worked over 40 in a workweek at a rate equal to half time (0.50) the rate for the work performed, plus additional Exchange Hours Earned (EHE) equal to the time worked over 40. The half time compensation must be in the form of pay.

   b. Option #2: Pay for actual time worked each week.

      i. Similar to other overtime-eligible positions, all hours worked above 40 in a workweek must be paid in the form of pay at the rate of time and one-half.

3. Compensatory time off does not apply to Non-Exempt Non-Union PAU staff employees. Non-Exempt Non-Union PAU staff employees are covered by FLSA overtime provisions and the university Overtime Pay policy.

4. Every effort should be made to ensure that the Non-Exempt Non-Union PAU staff employee’s Exchange Hours bank equals zero at the end of the last full pay period of the calendar year. If the employee has a positive or negative Exchange Hours balance, the balance will roll over to the following calendar year.

5. Unused Exchange Hours are paid out at the time of separation from the university or if the employee transfers to a new position that is not classified as Non-Exempt Non-Union PAU. If the Non-Exempt Non-Union PAU
staff employee has a negative Exchange Hours balance, the amount is owed by the employee at the time of separation from the university or transfer to a non-PAU Non-Exempt Non-Union PAU position.

Reason For Policy

This policy provides university managers and supervisors with guidelines and procedures necessary to comply with the FLSA.

Procedure

1. Options for recording time worked up to 40 hours each workweek by Non-Exempt PAU staff:
   a. Option #1: For units with Non-Exempt PAU positions utilizing Exchange Hours.
      i. The employee must record time worked by entering in all hours worked using the timekeeping system.
      ii. When the Non-Exempt PAU staff employee works more than the FTE standard hours up to 40 hours during a single workweek, the unit should:
         1. Enter in Exchange Hours Earned (EHE) for the time worked above the FTE standard hours.
      iii. When the Non-Exempt PAU staff employee works less than the FTE standard hours during a single workweek, the unit should:
         1. Enter in Exchange Hours Taken (EHT) or the appropriate benefit time-off code for the additional time needed to equal the FTE standard hours.
         2. If the Non-Exempt PAU staff employee does not have any available Exchange Hours or the appropriate benefit time off, enter in Exchange Hours Taken (EHT) for the time needed to equal the FTE standard hours. The Exchange Hours balance is allowed to be negative.
      iv. Instructions for using Exchange Hours in the timekeeping system are available on the IU FMS website.
   b. Option #2: For units with PAU positions not using Exchange Hours.
      i. The employee must record time worked by entering in all hours worked using the timekeeping system.
      ii. When the Non-Exempt PAU staff employee works more than the FTE standard hours during a workweek, the unit should:
      a. Allow the timekeeping system to pay the employee for actual time worked.
      iii. When the Non-Exempt PAU staff employee works less than the FTE standard hours during a workweek, the unit should:
         1. Enter in the appropriate benefit time-off code for the time needed to equal the FTE standard hours.
         2. If the Non-Exempt PAU staff employee does not have any appropriate and available benefit time off, enter in Absent without Pay (ABS) for the time needed to equal the FTE standard hours. The timekeeping system will pay the employee for actual hours worked.

2. Overtime compensation for all Non-Exempt PAU staff employees.
   a. The rate used to determine the overtime compensation rate will be adjusted upward to include any temporary pay, bonus pay, or other pay that the employee received during the week in which the hours over 40 were worked.

3. Exchange Time for Non-Exempt PAU staff employees, for option 1.
   a. Accumulated Exchange Hours may be used whenever the PAU Staff employee works less than the FTE standard hours in a workweek.
   b. See the Family and Medical Leave Act (FMLA) Rights policy for the provisions related to the use of earned time during an FMLA covered absence.
   c. When an employee transfers to another unit or a position in the same unit not eligible for Exchange Hours, any accumulated Exchange Hours must be paid before the position transfer.
   d. When an employee transfers to another unit or a position in the same unit not eligible for Exchange Hours, any negative Exchange Hours must be paid by the employee before the position transfer.
e. Upon separation from the university, if the employee has a negative Exchange Hours balance, the employee’s final paycheck will be adjusted to deduct for the negative amount. If there is a positive Exchange Hours balance, the employee will receive a payout for the balance.

4. Secondary employment for Non-Exempt PAU staff employees.
   a. A Non-Exempt PAU staff employee may be employed as a part time employee in other units. Multiple positions held by a Non-Exempt PAU staff employee may affect the unit’s decision to use Exchange Hours or hours worked. Contact the HR representative or campus HR office if this situation arises.

5. Unit and employee responsibilities.
   a. Units are responsible for:
      i. Informing the Non-Exempt PAU staff employee which option of recording time will be used before the first day worked.
      ii. Maintaining records of Exchange Hours Earned and Taken.
      iii. Reporting Exchange Hours Earned and Taken on the university-provided records.
   b. Employees are responsible for:
      i. Keeping an accurate record of actual time worked. Time is to be recorded daily as provided for on the university-provided records.
