All Indiana University property.

Policy Statement

Possession of a firearm on Indiana University property is prohibited. The prohibition applies regardless of any permit to carry a firearm. The prohibition does not apply to law enforcement officers authorized to possess a firearm, either on or off duty, by the employing law enforcement agency. In rare cases, an exception to this policy may be granted for academic or research purposes. Such exception must be made by prior written authorization from the Superintendent of Public Safety and the campus police chief and the campus chancellor or provost. Possession of a dangerous article or substance as a potential weapon is also prohibited. Such dangerous articles for the purposes of this policy include, but are not limited to: tasers, electronic stun weapons, stun guns, explosives such as bombs, grenades, blasting caps, and ammunition, as well as other equipment, material, and devices (e.g. knives, metal knuckles, tear gas, chemical substances) that could be or have been used to cause harm or the fear of harm. This prohibition does not extend to personal pepper sprays; however, public event venues or other facilities on campus may still impose such a prohibition.

Reason For Policy

The safety of Indiana University students and employees, as well as the safety of visitors, is the highest priority of the university administration and Board of Trustees. The prohibition of unauthorized firearms on university property reduces risk and supports a safe climate for the pursuit of the university’s academic mission and its role in serving communities around the state.
